**Amnesty:** We resume, after a long pause, our support for people that Amnesty International ask us to remember and take action for. This time it is in Colombia. The link where you will find the information is as follows: <https://www.amnesty.org/en/petition/colombia-investigate-the-murder-of-kevin-agudelo/>

3 May 2021 was a night of great violence, when a joint raid by National Police officers, members of the Mobile Anti-Riot Squad (ESMAD) and members of the Special Operations Group of the Colombian National Police (GOES) used lethal weapons and tear gas against people who were holding a memorial service near the roundabout in Siloé district for a young man killed the day previously, allegedly at the hands of law enforcement officers. Three people lost their lives that night, among them Kevin Agudelo, a young football player. This operation was known as "Operation Siloé". These serious crimes and human rights violations must not go unpunished! The Colombian Attorney General's office must progress the investigation into the death of Kevin Agudelo and other human rights violations and crimes under international law committed during Operation Siloé to ensure that this NEVER happens again.

When you open the link you will find on the right-hand side a box "Write a message", and all you need to do is fill in the details and send. Easy. And it is a step towards justice. Thank you!

### **Eco-church**

In order to continue our Eco-church ambitions we will be providing you with some tips for more sustainable living each week in the Newsletter. You may find that you are already doing these things, in which case you can give yourself a pat on the back.

#### **Tip 2) Turn off the Lights**

The UK wastes £170 million a year by leaving lights on unnecessarily.
